

# Tax settings

## Tax settings in Shopify and sync result in Fortnox

In Shopify you can show all prices with tax included or excluded; both cases are supported by Fortnox Integration, the default is to enable "Show all prices with tax included".

Below illustrations shows how price and tax amount will look during Shopify checkout and in Fortnox order/invoice after sync when you place an order with the above mentioned different settings in Shopify.

# Shopify

 iPhone Cover 200.00 kr

---

Subtotal 200.00 kr

Shipping Calculated at next step

---

**Total**  
Including 40.00 kr in taxes SEK 200.00 kr

Show all prices with tax included  
If taxes are charged on shipping rates, then taxes

# Fortnox

ITEM ID	NAME	NUMBER	UNIT	PRICE PER UNIT	DISCOUNT	TOTAL	ACCOUNT	VAT	CC	TG %
