About Airmee

This Shopify Airmee Integration is the solution for you if you are using Airmee for delivering your packages and Unifaun Online as TA/TMS-system for managing your shipments. This app will show Airmee's delivery time slots in Shopify's Checkout. The selected timeslot will be saved with the placed order and synced to Unifaun Online as a printable shipping label. You can print the label and book transport inside Unifaun Online Dashboard. You can let the sync happen automatically and

Step 2b:

Accept the "Start free trial". After 14 days trial period, 10\$ will be billed for each new billing period of 30 days. Amount will be billed by Shopify on your monthly Shopify invoice. If you install the app on the 1st of a month, then the billing period will be from the 15th of the month to around the 14th of the next month. Additional costs will apply for Airmee/Unifaun services.

After successful installation you will see the Airmee app and the “Airmee Setting” page. Be aware the Delivery Timeslot is disabled by default, and it must be enabled for showing the delivery time options in Shopify cart checkout page. **Please check our PDF userguide and videos on our website about how to configure and test the app.**
