

# Postnord app

## General Settings

This guide will describe the features in the general settings tab

### 1. Enable Auto Sync

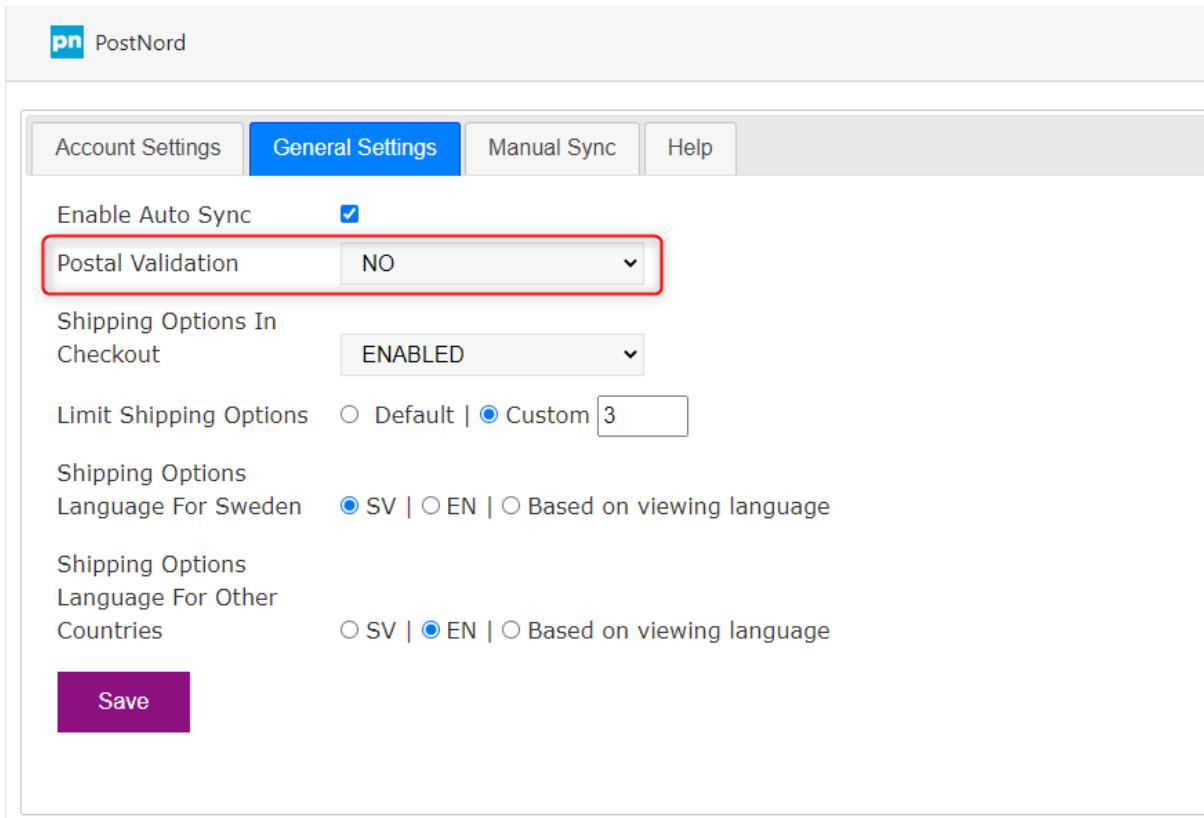

The screenshot shows the 'General Settings' tab selected in the PostNord app. The 'Enable Auto Sync' checkbox is checked and highlighted with a red box. Other settings include:

- Postal Validation: NO
- Shipping Options In Checkout: ENABLED
- Limit Shipping Options: Custom 3
- Shipping Options Language For Sweden: SV (radio button selected)
- Shipping Options Language For Other Countries: SV (radio button selected)

A purple 'Save' button is at the bottom left.

If Automatic Sync is enabled, order details will be sent to Send Direct Business instantly when an order is received in Shopify. Then you can do further processing of your order directly from Send Direct Business.

## 2. Postal Validation

The screenshot shows the PostNord General Settings interface. At the top, there are tabs for Account Settings, General Settings (which is selected and highlighted in blue), Manual Sync, and Help. Below the tabs, there are several configuration options:

- Enable Auto Sync:** A checkbox with a checked mark.
- Postal Validation:** A dropdown menu set to "NO". This option is highlighted with a red rectangular border.
- Shipping Options In Checkout:** A dropdown menu set to "ENABLED".
- Limit Shipping Options:** A section where users can choose between "Default" (radio button) or "Custom" (radio button, selected) and enter a value of "3".
- Shipping Options Language For Sweden:** Radio buttons for "SV" (selected), "EN", and "Based on viewing language".
- Shipping Options Language For Other Countries:** Radio buttons for "SV", "EN" (selected), and "Based on viewing language".

A purple "Save" button is located at the bottom left of the form.

If enabled then consumers provided zip code will be validated by server and if an invalid zip code was provided then delivery methods will not be shown in Shopify Checkout page.

### 3. Shipping Options In Checkout

The screenshot shows the PostNord General Settings interface. At the top, there are tabs for Account Settings, General Settings (which is selected and highlighted in blue), Manual Sync, and Help. Below the tabs, there are several configuration options:

- Enable Auto Sync: A checked checkbox.
- Postal Validation: A dropdown menu set to "NO".
- Shipping Options In Checkout: A dropdown menu set to "ENABLED", which is highlighted with a red border.
- Limit Shipping Options: A section where users can choose between "Default" (radio button) or "Custom" (radio button selected) with a value of "3" in a dropdown.
- Shipping Options Language For Sweden: Radio buttons for "SV" (selected), "EN", and "Based on viewing language".
- Shipping Options Language For Other Countries: Radio buttons for "SV", "EN" (selected), and "Based on viewing language".

A large purple "Save" button is located at the bottom left of the form.

If enabled then Postnord's shipping options will be shown on Shopify Checkout page.

The screenshot shows a Shopify checkout page at the shipping method selection step. ## 4. Limit Shipping Options

The screenshot shows the PostNord General Settings interface. At the top, there are tabs for Account Settings, General Settings (which is selected and highlighted in blue), Manual Sync, and Help. Under General Settings, there are several configuration options:

- Enable Auto Sync: A checked checkbox.
- Postal Validation: A dropdown menu set to "NO".
- Shipping Options In Checkout: A dropdown menu set to "ENABLED".
- Limit Shipping Options: A section where a radio button for "Custom" is selected and the value "3" is entered. This section is highlighted with a red box.
- Shipping Options Language For Sweden: Radio buttons for "SV" (selected), "EN", and "Based on viewing language".
- Shipping Options Language For Other Countries: Radio buttons for "SV", "EN" (selected), and "Based on viewing language".

A large purple "Save" button is located at the bottom left of the form.

Using this option, you can limit how many shipping options should show on checkout. If you add 3 on custom then your customers will see 3 shipping options on each delivery method.

The screenshot shows a payment confirmation page from "PRYVILEGIERADE\_PUSCHERGARAGE". The page includes the following sections:
