

Shopify Unifaun1 upgrade

This document shows how to upgrade Shopify Unifaun1 app

1. Adding the App to your Shopify store

- Login to your shopify store
- Go to this link <https://apps.shopify.com/unifaun> and click add app as image below.

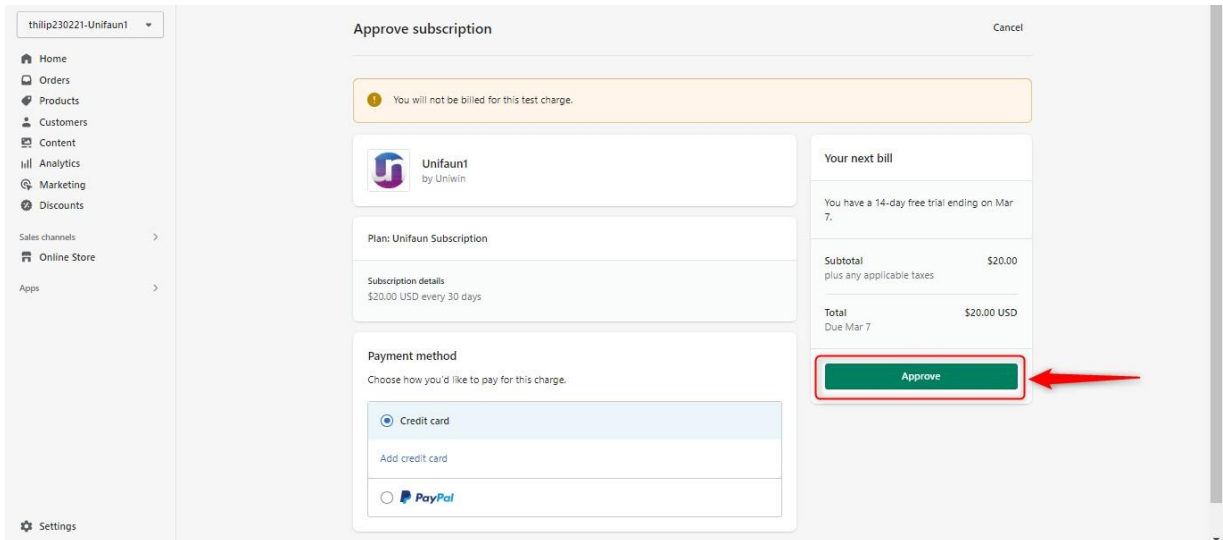

The screenshot displays the Shopify App Store interface for the Unifaun1 app. At the top, there is a search bar and a 'Log out' button. Below the search bar, a warning message states: 'Details for this app might be incomplete or missing because the developer needs to update their information.' The main content area features the Unifaun1 app card, which includes the app's logo, name, pricing (\$20/month with a 14-day free trial), and a 4.7 rating based on 11 reviews. A red box and arrow highlight the 'Add app' button. To the right of the app card is a video player for 'Shopify Unifaun Integration Promo' with a 'Watch on YouTube' button. The video player shows a preview of the app's interface with a red play button and the Uniwin logo.

2. Installing the Shopify Unifaun1 App

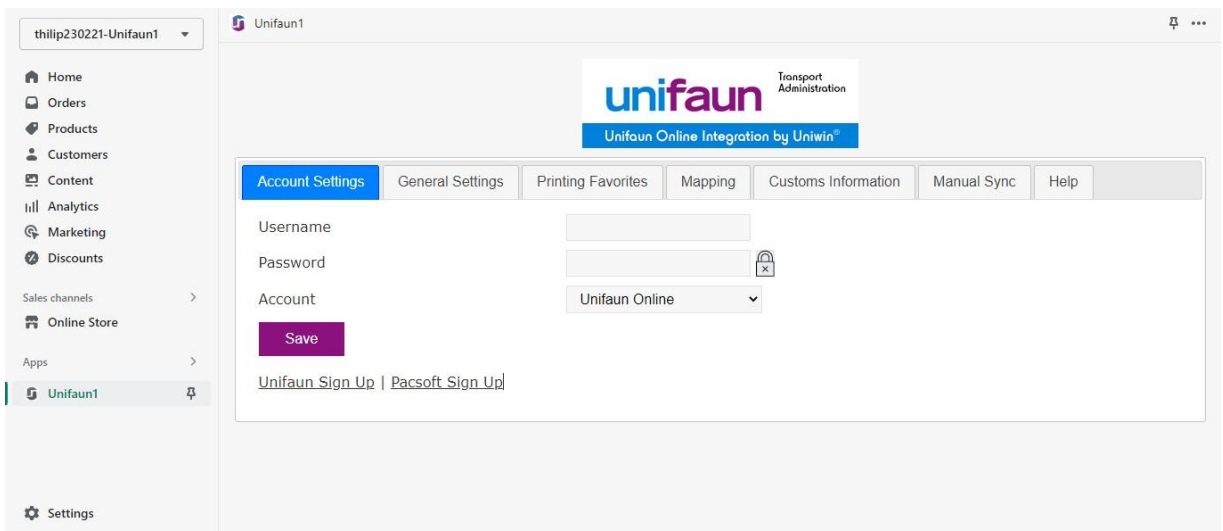

Once you've added the App to your Shopify store, the setup wizard will guide you to the Installation page where you need to click on Install app as shown in the image below.

The screenshot displays the Shopify Admin interface for installing the Unifaun1 app. The top navigation bar includes the Shopify logo, a search bar, and the user's name 'thilip230221 Admin'. The left sidebar shows the store's navigation menu, with 'Apps' and 'Add apps' highlighted. The main content area is titled 'Install' and features a 'Cancel' button and a green 'Install app' button with a red arrow pointing to it. The app details section shows the Unifaun1 logo and the developer 'Unifaun1'. Below this, a section titled 'This app needs to' lists permissions: 'Access customer and store information' and 'Edit customer and store information'. A warning message states: 'You're agreeing to share personal information with this app. View the [developer's privacy policy](#) before installing. Deleting this app from your store will remove its access, and request the removal of customer information if it was collected. Learn more about [data porting](#).' A link to 'Contact Unifaun1 for support' is provided. The 'Privacy details' section is titled 'What this app can access in your store' and lists permissions under three categories: 'Customer information' (Contact information: Name, Email address, Phone number; Location: Physical address, Geolocation, IP address; Device information: Browser and operating system), 'Store owner information' (Contact information: Name, Email address, Phone number; Location: Physical address), and 'Permission details' (What this app can do in your store: View products: This includes: products, inventory, and collections; Edit orders: This includes: all order details for the last 60 days). At the bottom of the main content area, there is a 'Cancel' button and another green 'Install app' button with a red arrow pointing to it. A link to 'View the latest Shopify Terms of Service' is located at the very bottom of the page.

3. Approve subscription charge and complete the installation

There you have it! The Shopify Unifaun1 App by Uniwin is installed on your Shopify

4.Delete the Unifaun app in shopify admin page.
