

How to Install the Shopify Shipit App?

App Installation

1. Adding the App to your Shopify store

- Login to your Shopify store
- Go to this link <https://apps.shopify.com/shipit> and click add app as shown in the image below.

Calculate price and create shipment with Shipit

This connector app is for users utilizing Shipit for managing their shipment, and want to save time on creating the shipping labels. You can sync the order details to Shipit with a single click and print shipping labels from there. You can also print the labels directly from within the app. The app support all major carriers in Sweden and Finland such as Postnord, Posti, UPS, Matkahuolto, FedEx, Bring, Schenker, GLS, JetPak.

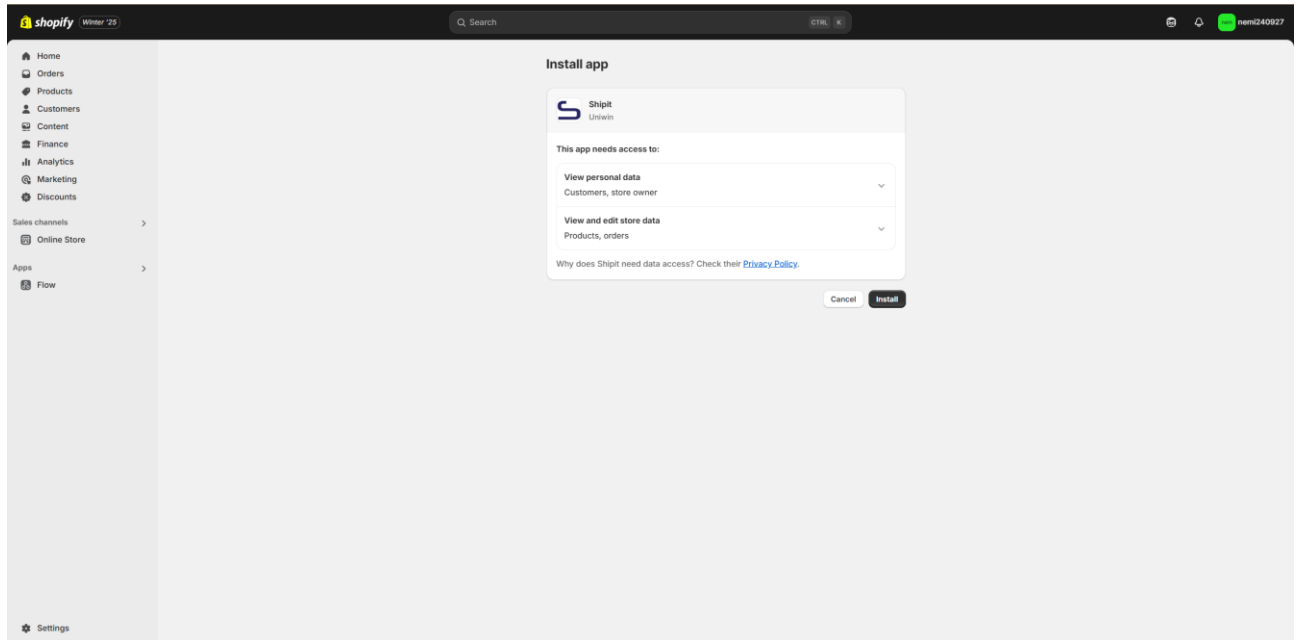

- Create shipment through Shipit
- Automatic Tracking feature
- Create shipping label from within the app or from Shipit dashboard
